Greening Your Bottom Line With...

GeoExchange

February 27, 2004
Two Rivers Convention Center
Grand Junction, CO

Sponsored by:
Colorado Coalition for New Energy Technologies
Colorado Governor’s Office of Energy Management & Conservation (OEMC)
Colorado Renewable Energy Association (CRES) • Colorado Rural Electric Association (CREA)
Delta-Montrose Electric Association (DMEA) • EnLink Geoenergy Services, Inc.
InterMountain Energy • National Renewable Energy Lab (NREL)
San Miguel Power Association (SMPA) • Tri-State Generation & Transmission
U.S. Department of Energy • Western Area Power Administration (WAPA)
Who Should Attend:

- Architects Interested in Green Design
- Engineers for HVAC Designs
- Facility Directors/Managers
- Business/Finance Managers
- Utility Personnel
- Building Managers
- Policy Makers

Invited Speakers:

**John Shonder**  
*Oak Ridge National Laboratories*  
John will provide an overview of GeoExchange programs nationally. This will include utility programs, federal initiatives and case studies.

**Thomas Fernandez**  
*Energy Manager for Colorado Springs School District 11*  
CSSD#11 has implemented a GeoExchange system in their FOTC building. He will provide an overview of how the district implemented this technology and the actual energy and maintenance records.

**Robyn Funk**  
*Grant Administrator for the County of Montrose*  
Robyn will explain how the county obtained federal funds for their GeoExchange project. Details will be provided of how the federal grant was applied for and awarded.

Luncheon Speakers:

**Lunch will be provided at no charge**

**Bobby Stuart**  
*Government Capital Corporation*  
The struggle most municipal, school and private building owners have is how to fund a GeoExchange project. Bobby brings a leasing program to share that meets the strict Colorado lending requirements. This program has allowed several Colorado entities to fund geo-exchange and other energy projects.

**Invited State and Federal Officials**  
These speakers will provide information on funding initiatives through Colorado State entities as well as the federal programs. Most of these initiatives are in the form of grants for demonstration projects. There will be time allotted for questions to our speakers for details of the funding options available.

Technical Training:

**Greg Tinkler**  
*CGD EnLink Geoenergy Services, Inc.*  
This session is an exciting opportunity to have “hands on” experience with GeoExchange. Learn from the experts in a workshop round table setting. Topics to be covered include:
- GeoExchange Piping Fusion - participants will perform fusion
- Grouting Materials Review - sample provided
- Design Software Demonstration
- Interior Equipment Selection Training
- Sample Project Specifications and Designs
- State and Federal Regulations Update

Invited State and Federal Officials:

What You Will Learn:

- **What Is GeoExchange Heating and Cooling?**
- **How it Provides the Following Benefits:**
  - Lower utility costs
  - Lower maintenance costs
  - Better indoor comfort
  - Emissions reduction
- **Which Colorado Facilities Are Using This Technology Now**
- **“Lessons Learned” for Implementing GeoExchange**
- **What Funding Sources are Available Today for Your Energy Projects**
- **How to Properly Design a GeoExchange System**
- **GeoExchange Components and How They Operate**
- **Latest Design Software Available**

Registration:

The workshop is FREE but space is limited. Please RSVP early for the sessions you will attend.

9:30-12:00  **Greening Your Bottom Line with GeoExchange**
12:00-1:00  **Funding Sources for Your Energy Projects**
            (Lunch will be provided)
1:00-4:00   **GeoExchange Technical Training**

Phone: 1-888-855-6901
Fax: 1-888-670-9672
Email: register@enlinkgeoenergy.com

Funding for this informative workshop has been provided by our sponsors. This event is by invitation only, please confirm your company through an RSVP.

Other Exciting Energy Events!

The Nation’s Most Acclaimed Home Energy Efficiency Expert
DOUG RYE
is Coming to the Western Slope!
"The King of Caulk and Talk" will teach you how to save hundreds of dollars each year in energy costs.

Seminars and Expo Co-Sponsored by:
Intermountain Energy • Haining Refrigeration • KNZZ Newsradio 1100 • KREX TV
The Home Builders Association of Northwestern Colorado • DMEA
Exhibitors Include:
Alternative Power Enterprises • Balanced Construction • DMEA
Excellent Insulation • Haining Refrigeration • Home Builders Association of Northwestern Colorado
InterMountain Energy • Whitey’s Home Improvement • TCP High Efficiency Lighting

Friday, Feb. 27th • 6:00 - 8:00 p.m.
Two Rivers Convention Center • Grand Junction, CO • Call 240-1279

Saturday, Feb. 28th • 2:00 - 4:00 p.m.
Montrose Pavilion • Montrose, CO • Call 249-4572

Seminar Fee is $8 in advance, $10 at the door
FREE to DMEA Members!
Space is limited! Please call now for reservations!
